

CODE OF ETHICS

1. Equal Opportunity & Guiding Values

Tomorrow's Patriots is committed to equal opportunity and fair treatment in all of its activities. We do not discriminate on the basis of race, color, national origin, sex, religion, disability, or other characteristics protected by applicable law.

At the same time, our organization is grounded in a traditional American value system that emphasizes faith, personal responsibility, and moral leadership. We evaluate individuals based on their commitment to our mission, their character, and their ability to lead within these principles.

2. Loyalty to Mission Over Self

We put the mission before personal gain, ego, or recognition. Every decision we make must serve the long-term goal of building a stronger America First movement within the Republican Party.

3. Integrity in Action

We operate with honesty, transparency, and accountability in all political, financial, and organizational activities. We do not misrepresent our relationships, endorsements, or intentions.

4. Respect for the Law

We strictly follow all applicable federal and state election laws, including campaign finance and coordination rules. We maintain clear boundaries between our PAC and the candidates we support.

5. Clear and Honest Advocacy

We communicate our endorsements and positions truthfully. We do not imply support, coordination, or affiliation that does not exist. Our messaging reflects our values without deception.

6. Commitment to Merit and Principles

We support candidates based on their commitment to America First values, leadership potential, and integrity not personal friendships alone. Trust matters, but principles come first.

TOMORROW'S PATRIOTS

CODE OF ETHICS

7. Brotherhood & Accountability

We are built on trust, loyalty, and long-standing relationships. We support one another as a team but we also hold each other accountable. No one is above the mission or these standards.

8. Developing the Next Generation

We are committed to mentoring, funding, and creating real opportunities for young conservatives. We invest in those who are ready to lead with courage, discipline, and conviction.
