

**Carlos Sanchez** serves as Executive Director of Tomorrow's Patriots PAC, where he oversees strategic operations, organizational growth, and candidate engagement in support of the next generation of America First leadership.

A native of Buda, Texas, and a graduate of Hays High School, Carlos developed a strong foundation in discipline and leadership through both athletics and extracurricular involvement, including competing as a four-year football athlete. These early experiences shaped his ability to lead under pressure and operate within team-driven environments.

He began his political career with the Young Conservatives of Texas at Texas Tech University, initially serving as Social Media Coordinator before being promoted to Vice Chairman. In this role, Carlos directed communications strategy and digital outreach while playing a central role in external affairs engaging directly with political candidates, conducting interviews, and building relationships with key stakeholders across the conservative movement.

Carlos quickly advanced within the conservative landscape, serving as a Regional Director and later being appointed Chief of Staff for the Texas College GOP. In these roles, he managed day-to-day operations across multiple regions, strengthened coordination between leadership, chapters, and staff, and advised senior leadership on organizational strategy. He also played a key role in grassroots mobilization efforts and worked closely with local Republican candidates to support campaign initiatives and voter engagement.

As a co-founder of the Texas College GOP, Carlos helped establish and expand what is now recognized as the official collegiate arm of the Republican Party of Texas. His leadership contributed to building a statewide infrastructure dedicated to developing young conservative leaders and advancing the principles of the America First movement.

In his current role, Carlos is focused on identifying, supporting, and elevating candidates who are committed to strong conservative governance, prioritizing American interests, and shaping the future direction of the Republican Party.
